## AUTHORS AND INVESTIGATORS

**Abrahams JI**, retrograde ejaculation, 14, Mar, a  
**Adkins PC**, looking ahead to recertification, 20, May  
**Alexander JW**, treating the surgical patient with antibiotics, part 1, 35, Feb, s  
**Altmeier WA**, treating the surgical patient with antibiotics, part 1, 35, Feb, s  
 treating the surgical patient with antibiotics, part 2, 46, Mar, s  
**Averette HE**, obstetrics and gynecology: summary ACS meeting, 15, Jan  
**Bagshaw MA**, prostate cancer, 54, May, s  
**Bailey JD**, cast-brace treatment of femoral fractures, 32G\*, Jun, oa  
**Baker AR**, new era in surgery at the National Cancer Institute, 28, Apr, ios  
**Baxter CR**, shock and metabolism: summary ACS meeting, 15, Jan  
**Beahrs OH**, creating an ileal reservoir with a continent ileostomy, 43, Jun, oa  
 ileal reservoir, 41, Mar, a  
 managing patients with rectal cancer, 62, Jan, s  
**Bentley G**, orthopedics at Nuffield: report on a British center, 48A\*, May  
**Brennan M**, new era in surgery at the National Cancer Institute, 28, Apr, ios  
**Brighton CT**, orthopedics: summary ACS meeting, 15, Jan  
**Burkhalter WE**, cast-brace treatment of femoral fractures, 32G\*, Jun, oa  
**Caldwell EH**, through the operating microscope: improved peripheral nerve repair, 13, May, oa  
**Chretien PB**, new era in surgery at the National Cancer Institute, 28, Apr, ios  
**Cockett ATK**, prostate cancer, 54, May, s  
 treating the surgical patient with antibiotics, part 2, 46, Mar, s  
**Cockin J**, orthopedics at Nuffield: report on a British center, 48A\*, May  
**Coller JA**, ileostomy complications: prevention and treatment, 36, Mar, oa  
**Corman ML**, ileostomy complications: prevention and treatment, 36, Mar, oa  
**Cowell H**, correcting orthopedic deformities in infants and older children, 52, Jun, s  
**Davis J**, treating the surgical patient with antibiotics, part 1, 35, Feb, s  
**Deane G**, orthopedics at Nuffield: report on a British center, 48A\*, May  
**DeCosse JJ**, subphrenic abscess: a newer approach to drainage, 24, May  
**DeTroyer A**, RVT and nephrotic syndrome, 32, Feb, a

**Del Guercio LRM**, precise and speedy diagnoses with minilaparotomy, 9, Feb, oa  
**DeWald RL**, controlled hypotensive anesthesia in scoliosis surgery, 45, Jan, oa  
**Donely J**, cast-brace treatment of femoral fractures, 32G\*, Jun, oa  
**Duthie R**, orthopedics at Nuffield: report on a British center, 48A\*, May  
**Ferguson AB Jr**, looking ahead to recertification, 18, Mar  
**Freedman JN**, x-ray evaluation of patients with gallbladder disease, 53, Jan, oa  
**Fulton RL**, post-traumatic respiratory and pulmonary insufficiency, 41, May, oa  
**Goodfellow J**, orthopedics at Nuffield: report on a British center, 48A\*, May  
**Hackethorn JC**, cast-brace treatment of femoral fractures, 32G\*, Jun, oa  
**Hayes M**, treating the surgical patient with antibiotics, part 2, 46, Mar, s  
**Hensinger RN**, correcting orthopedic deformities in infants and older children, 52, Jun, s  
**Humphreys JW Jr**, looking ahead to recertification, 20, Feb  
**Imparato AM**, angiographic guidelines to reconstructing the tibial arteries, 31, May, oa  
**Kim G-E**, angiographic guidelines to reconstructing the tibial arteries, 31, May, oa  
**Kirby W**, treating the surgical patient with antibiotics, part 1, 35, Feb, s  
**Lasnitzki I**, effects of steroid hormones on BPH in organ culture, 32, Feb, a  
**Leach RE**, managing common ski injuries, 27, Feb, oa  
**Ledger W**, treating the surgical patient with antibiotics, part 2, 46, Mar, s  
**Luce EA**, respiratory complications of thermal injury, 48, May, a  
**Lyne ED**, correcting orthopedic deformities in infants and older children, 52, Jun, s  
**McConnell JB**, hemodialysis and gastric function, 32, Feb, a  
**Madayag E**, angiographic guidelines to reconstructing the tibial arteries, 31, May, oa  
**Madden JL**, managing patients with rectal cancer, 62, Jan, s  
**Madden JW**, plastic surgery and burns: summary ACS meeting, 15, Jan  
**Menguy R**, symposium on stress ulceration, 50, Apr, s

**Merrill JA**, looking ahead to recertification, 36, Jun  
**Moody FG**, gastrointestinal and biliary conditions: summary ACS meeting, 15, Jan  
**Moran WB Jr**, otolaryngology: summary ACS meeting, 15, Jan  
**Morton DL**, oncology: summary ACS meeting, 15, Jan  
**Mowat A**, orthopedics at Nuffield: report on a British center, 48A\*, May  
**Murphy GP**, prostate cancer, 54, May, s  
**Murray W**, treating the surgical patient with antibiotics, part 2, 46, Mar, s  
**Nelson R**, treating the surgical patient with antibiotics, part 2, 46, Mar, s  
**Nichols P**, orthopedics at Nuffield: report on a British center, 48A\*, May  
**Nigro ND**, looking ahead to recertification, 36, Jun  
 managing patients with rectal cancer, 62, Jan, s  
**Owen M**, orthopedics at Nuffield: report on a British center, 48A\*, May  
**Paduart P**, RVT and nephrotic syndrome, 32, Feb, a  
**Pappas AM**, aggressive treatment can save gangrenous limbs, 48M\*, Apr, oa  
**Parry R**, orthopedics at Nuffield: report on a British center, 48A\*, May  
**Pruitt BA Jr**, stress ulceration, 50, Apr, s  
**Ramsey P**, correcting orthopedic deformities in infants and older children, 52, Jun, s  
**Remington JH**, managing patients with rectal cancer, 62, Jan, s  
**Rhamy RK**, prostate cancer, 54, May, s  
**Rhoton AL Jr**, neurologic surgery: summary ACS meeting, 15, Jan  
**Rob CG**, reconstructing the extracranial cerebral arteries, 58, Jan, oa  
**Rosenberg SA**, new era in surgery at the National Cancer Institute, 23, Mar, ios  
 new era in surgery at the National Cancer Institute, 28, Apr, ios  
**Sandusky W**, treating the surgical patient with antibiotics, part 1, 35, Feb, s  
**Scardino PL**, prostate cancer, 54, May, s  
**Silen W**, stress ulceration, 50, Apr, s  
**Simeone FA**, atherosclerosis: anatomic features affecting management, 13, Apr, oa  
**Simons GH**, correcting orthopedic deformities in infants and older children, 52, Jun, s  
**Sischy B**, managing patients with rectal cancer, 62, Jan, s  
**Smith R**, orthopedics at Nuffield: a report on a British center, 48A\*, May  
**Solish GI**, retrograde ejaculation, 14, Mar, a  
**Somerville EW**, orthopedics at Nuffield: report on a British center, 48A\*, May  
**Spivey J**, orthopedics at Nuffield: report on a British center, 48A\*, May  
**Su CT**, respiratory complications of thermal injury, 48, May, a  
**Thjodleifsson B**, hemodialysis and gastric function, 32, Feb, a  
**Tessier PL**, man who revolutionized craniofacial surgery, 9, Jun  
**Turnbull RB Jr**, discussant: creating an ileal reservoir with a continent ileostomy, 43, Jun, oa  
**Urry RL**, progress in diagnosing and treating male infertility, 43, Apr, oa  
 future of contraceptives for men, 9, Mar, oa  
**Walk WL**, looking ahead to recertification, 22, Apr

\*Orthopedic Demographic Issue

*continued*

**Veidenheimer MC**, ileostomy complications: prevention and treatment, 36, Mar, oa  
**Waldhausen JA**, cardiothoracic surgery: summary ACS meeting, 15, Jan  
**Walt AJ**, stress ulceration, 50, Apr, s  
**Whitaker RH**, effects of steroid hormones on BPH in organ culture, 32, Feb, a  
**Wilson RE**, transplantation: summary ACS meeting, 15, Jan  
**Zimskind PD**, urology: summary ACS meeting, 15, Jan

## SUBJECTS

**ADENOSINE TRIPHOSPHATE**  
 shock and metabolism: summary ACS meeting, 15, Jan  
**ADNEXITIS**  
 treating the surgical patient with antibiotics, part 2, 46, Mar, s  
**ADRIAMYCIN**  
 oncology: summary ACS meeting, 15, Jan  
**AMINOGLYCOSIDES**  
 Administration and Dosage: treating the surgical patient with antibiotics, part 1, 35, Feb, s  
**AMPUTATION**  
 orthopedics at Nuffield: report on a British center, 48A\*, May  
**ANESTHESIA, HYPOTENSIVE**  
 controlled in scoliosis surgery, 45, Jan, oa  
**ANGIOGRAPHY**  
 guidelines to reconstructing the tibial arteries, 31, May, oa  
**ANTIBIOTICS**  
 treating the surgical patient, part 1, 35, Feb, s  
 Administration and Dosage: treating surgical patient, part 2: 46, Mar, s  
**ANKLE**  
 Injuries: managing common ski injuries, 27, Feb, oa  
**ANTINEOPLASTIC AGENTS**  
 oncology: summary ACS meeting, 15, Jan  
**ANTISPERMATOGENIC AGENTS**  
 future of contraceptives for men, 9, Mar, oa  
**ARTERIAL OCCLUSIVE DISEASES**  
 angiographic guidelines to reconstructing tibial arteries, 31, May, oa  
**ARTERIES**  
 Surgery: angiographic guidelines to reconstructing tibial, 31, May, oa  
 Arteriography see **ANGIOGRAPHY**  
**ARTERIOSCLEROSIS**  
 anatomic features affecting management, 13, Apr, oa  
**ARTHRITIS, RHEUMATOID**  
 orthopedics at Nuffield: report on a British center, 48A\*, May  
**ARTHROPLASTY**  
 treating the surgical patient with antibiotics, part 2, 46, Mar, s  
**ATHLETIC INJURIES**  
 managing common ski, 27, Feb, oa  
 Atherosclerosis see **ARTERIOSCLEROSIS**  
**AZATHIOPRINE**  
 transplantation: summary ACS meeting, 15, Jan  
**BACTERIAL INFECTIONS**  
 Drug Therapy: treating the surgical patient with antibiotics, part 2, 46, Mar, s

**BACTEROIDES INFECTIONS**  
 Drug Therapy: treating the surgical patient with antibiotics, part 1, 35, Feb, s  
**BCG VACCINE**  
 new era in surgery at the National Cancer Institute, 23, Mar, ios  
 oncology: summary ACS meeting, 15, Jan  
**BLADDER CALCULI**  
 Therapy: urology: summary ACS meeting, 15, Jan  
**BLADDER NEOPLASMS**  
 Immunotherapy: urology: summary ACS meeting, 15, Jan  
**BIOPSY**  
 precise and speedy diagnoses with minilaparotomy, 9, Feb, oa  
**BRACES**  
 cast treatment of femoral fractures, 32G\*, Jun, oa  
 correcting orthopedic deformities in infants and older children, 52, Jun, s  
**BREAST NEOPLASMS**  
 Therapy: oncology: summary ACS meeting, 15, Jan  
**BURNS**  
 Complications: stress ulceration, 50, Apr, s  
 Therapy: plastic surgery: summary ACS meeting, 15, Jan  
**BURNS, INHALATION**  
 Diagnosis: respiratory complications of thermal injury, 48, May, a  
 Cancer see **NEOPLASMS**  
**CARTILAGE**  
 Analysis: orthopedics: summary ACS meeting, 15, Jan  
**CASTS, SURGICAL**  
 brace treatment of femoral fractures, 32G\*, Jun, oa  
 correcting orthopedic deformities in infants and older children, 52, Jun, s  
**CEPHALOSPORINS**  
 Administration and Dosage: treating the surgical patient with antibiotics, part 1, 35, Feb, s  
**CEREBRAL ANGIOGRAPHY**  
 reconstructing the extracranial cerebral arteries, 58, Jan, oa  
**CEREBRAL ARTERIES**  
 Surgery: reconstructing the extracranial, 58, Jan, oa  
**CEREBROVASCULAR DISORDERS**  
 Surgery: reconstructing the extracranial cerebral arteries, 58, Jan, oa  
**CERTIFICATION**  
 looking ahead to recertification, 40, Jan  
 looking ahead to recertification, 20, Feb  
 looking ahead to recertification, 18, Mar  
 looking ahead to recertification, 22, Apr  
 looking ahead to recertification, 20, May  
 looking ahead to recertification, 36, Jun  
**CERVIX NEOPLASMS**  
 Therapy: obstetrics and gynecology: summary ACS meeting, 15, Jan  
**CHOLANGIOGRAPHY**  
 precise and speedy diagnoses with minilaparotomy, 9, Feb, oa  
 Methods: x-ray evaluation of patients with gallbladder disease, 53, Jan, oa

**CHOLECYSTOGRAPHY**  
 Methods: x-ray evaluation of patients with gallbladder disease, 53, Jan, oa  
**CHOLELITHIASIS**  
 Radiography: evaluation of patients with gallbladder disease, 53, Jan, oa  
**CHOLESTEROL**  
 atherosclerosis: anatomic features affecting management, 13, Apr, oa  
**CHROMOMYCINS**  
 cardiothoracic surgery: summary ACS meeting, 15, Jan  
**CLUBFOOT**  
 correcting orthopedic deformities in infants and older children, 52, Jun, s  
**COLON**  
 Surgery: looking ahead to recertification, , Jun  
**COLONIC NEOPLASMS**  
 Immunology: new era in surgery at the National Cancer Institute, 28, Apr, ios  
**COMPLEMENT SYSTEM**  
 treating the surgical patient with antibiotics, part 1, 35, Feb, s  
**COMPUTERIZED AXIAL TOMOGRAPHY**  
 neurologic surgery: summary ACS meeting, 15, Jan  
**CONTRACEPTIVE AGENTS, MALE**  
 future of, 9, Mar, oa  
**CONTRACEPTIVE DEVICES, MALE**  
 future of, 9, Mar, oa  
**CONTRACTURE**  
 plastic surgery and burns: summary ACS meeting, 15, Jan  
 Congenital: correcting orthopedic deformities in infants and older children, 52, Jun, s  
**CRANIOFACIAL SURGERY**  
 man who revolutionized, 9, Jun  
**CYCLOPHOSPHAMIDE**  
 oncology: summary ACS meeting, 15, Jan  
**DIET, ATHROGENIC**  
 atherosclerosis: anatomic features affecting management, 13, Apr, oa  
**DRUG HYPERSENSITIVITY**  
 treating the surgical patient with antibiotics, part 1, 35, Feb, s  
**DUODENAL ULCER**  
 stress ulceration, 50, Apr, s  
**EAR OSSICLES**  
 Prothesis: otorhinolaryngology: summary ACS meeting, 15, Jan  
**EDUCATION, MEDICAL, CONTINUING**  
 looking ahead to recertification, 40, Jan  
 looking ahead to recertification, 20, Feb  
 looking ahead to recertification, 22, Apr  
 looking ahead to recertification, 20, May  
 looking ahead to recertification, 36, Jun  
**ELECTRIC STIMULATION**  
 orthopedics: summary ACS meeting, 15, Jan  
 urology: summary ACS meeting, 15, Jan  
**EJACULATION**  
 retrograde, 14, Mar, a  
**ENDOSCOPY**  
 stress ulceration, 50, Apr, s  
**ESOPHAGEAL REFLUX**  
 Surgery: gastrointestinal and biliary conditions: summary ACS meeting, 15, Jan

\*Orthopedic Demographic Issue

## FACE

Surgery: man who revolutionized craniofacial surgery, 9, Jun

## FACIAL BONES

Transplantation: man who revolutionized craniofacial surgery, 9, Jun

## FEMORAL FRACTURES

Therapy: cast-brace treatment, 32G\*, Jun, oa

## FIBER OPTICS

stress ulceration, 50, Apr, s

## FIBULA

Injuries: managing common ski injuries, 27, Feb, oa

## FLUOROURACIL

oncology: summary ACS meeting, 15, Jan

## FRACTURE FIXATION

cast-brace treatment of femoral, 32G\*, Jun, oa  
orthopedics: summary ACS meeting, 15, Jan

## FRACTURES

managing common ski injuries, 27, Feb, oa

## GAIT

Analysis: orthopedics at Nuffield: report on a British center, 48A\*, May

## GALLBLADDER DISEASES

Radiography: evaluation of patients with, 53, Jan, oa

## Gallstones see CHOLELITHIASIS

## GAS GANGRENE

Therapy: aggressive treatment can save limbs, 48M\*, Apr, oa

## GASTRIC ACIDITY DETERMINATION

gastrointestinal and biliary conditions: summary ACS meeting, 15, Jan

## GASTRIC MUCOSA

hemodialysis and gastric function, 32, Feb, a

## Gastroduodenal Ulcer see PEPTIC ULCER

## GASTROINTESTINAL BLEEDING

stress ulceration, 50, Apr, s  
Therapy: gastrointestinal and biliary conditions: summary ACS meeting, 15, Jan

## GASTROSCOPY

stress ulceration, 50, Apr, s

## GLIOMA

Therapy: neurologic surgery: summary ACS meeting, 15, Jan

## GLOMERULONEPHRITIS

RVT and nephrotic syndrome, 32, Feb, a

## GYNECOLOGIC DISEASES

Surgery: treating the surgical patient with antibiotics, part 2, 46, Mar, s

## GYNECOLOGY

looking ahead to recertification, 36, Jun

## HAND INJURIES

managing common ski injuries, 27, Feb, oa

## HEART FUNCTION TESTS

shock and metabolism: summary ACS meeting, 15, Jan

## HEART SURGERY

treating the surgical patient with antibiotics, part 2, 46, Mar, s

## HEART VALVE PROSTHESIS

cardiothoracic surgery: summary ACS meeting, 15, Jan

## HEMOCYANIN

urology: summary ACS meeting, 15, Jan

## HEMODIALYSIS

and gastric function, 32, Feb, a

## HIP

Replacement: treating the surgical patient with antibiotics, part 2, 46, Mar, s

## HIP DISLOCATION, CONGENITAL

correcting orthopedic deformities in infants and older children, 52, Jun, s  
orthopedics at Nuffield: report on a British center, 48A\*, May

## HISTOCOMPATIBILITY

transplantation: summary ACS meeting, 15, Jan

## HORMONES

effects on BPH in organ culture, 32, Feb, a

## HOSPITALS, SPECIAL

orthopedics at Nuffield: report on a British center, 48A\*, May

## HYPERALIMENTATION

new era in surgery at the National Cancer Institute, 28, Apr, ios  
shock and metabolism: summary ACS meeting, 15, Jan

## HYPOPHYSECTOMY

neurologic surgery: summary ACS meeting, 15, Jan

## HYSTERECTOMY

treating the surgical patient with antibiotics, part 2, 46, Mar, s

## ILEOSTOMY

complications: prevention and treatment, 36, Mar, oa  
Methods: creating an ileal reservoir with a continent, 43, Jun, oa

## IMMUNITY, CELLULAR

Analysis: new era in surgery at the National Cancer Institute, 28, Apr, ios

## INSULIN RESISTANCE

Drug Therapy: shock and metabolism: summary ACS meeting, 15, Jan

## INTERNSHIP AND RESIDENCY

orthopedics at Nuffield: report on a British center, 48A\*, May

## INTESTINE, SMALL

Surgery: gastrointestinal and biliary conditions: summary ACS meeting, 15, Jan

## INTUBATION, INTRATRACHEAL

otorhinolaryngology: summary ACS meeting, 15, Jan

## IODIPAMIDE

x-ray evaluation of patients with gallbladder disease, 53, Jan, oa

## IOPANOIC ACID

x-ray evaluation of patients with gallbladder disease, 53, Jan, oa

## JAUNDICE

Diagnosis: precise and speedy diagnoses with minilaparotomy, 9, Feb, oa

## KIDNEY

Growth and Development: urology: summary ACS meeting, 15, Jan  
Transplantation: summary ACS meeting, 15, Jan

## KIDNEY FAILURE, CHRONIC

hemodialysis and gastric function, 32, Feb, a

## KNEE JOINT PROSTHESIS

orthopedics: summary ACS meeting, 15, Jan

## KNEE INJURIES

managing common ski injuries, 27, Feb, oa

## LAPARATOMY

precise and speedy diagnoses with

minilaparotomy, 9, Feb, oa

## LARYNGEAL NEOPLASMS

otorhinolaryngology: summary ACS meeting, 15, Jan

## LARYNGOSTENOSIS

Therapy: otorhinolaryngology: summary ACS meeting, 15, Jan

## LASERS

otorhinolaryngology: summary ACS meeting, 15, Jan

## LIPIDS

atherosclerosis: anatomic features affecting management, 13, Apr, oa

## LIVER DISEASES

Diagnosis: precise and speedy diagnoses with minilaparotomy, 9, Feb, oa

## LUNG NEOPLASMS

Therapy: cardiothoracic surgery: summary ACS meeting, 15, Jan

## LYMPHOCYTE-CULTURE TEST, MIXED

transplantation: summary ACS meeting, 15, Jan

## MASTECTOMY

oncology: summary ACS meeting, 15, Jan

## MELANOMA

Therapy: new era in surgery at the National Cancer Institute, 23, Mar, ios

## METABOLISM

orthopedics at Nuffield: report on a British center, 48A\*, May  
shock: summary ACS meeting, 15, Jan

## METHOTREXATE

oncology: summary ACS meeting, 15, Jan

## MICROSURGERY

neurologic surgery: summary ACS meeting, 15, Jan  
Methods: through the operating microscope: improved peripheral nerve repair, 13, May, oa

## MITOMYCIN

cardiothoracic surgery: summary ACS meeting, 15, Jan

## MONITORING SYSTEMS

controlled hypotensive anesthesia in scoliosis surgery, 45, Jan, oa

## MYOCARDIAL INFARCT

cardiothoracic surgery: summary ACS meeting, 15, Jan

## MYOCARDIAL REVASCULARIZATION

cardiothoracic surgery: summary ACS meeting, 15, Jan

## NATIONAL CANCER INSTITUTE

new era in surgery, 23, Mar, ios  
new era in surgery, 28, Apr, ios

## NEOPLASM RECURRENCE

oncology: summary ACS meeting, 15, Jan

## NEOPLASMS

Diet Therapy: new era in surgery at the National Cancer Institute, 28, Apr, ios

Immunology: new era in surgery at the National Cancer Institute, 28, Apr, ios

Therapy: new era in surgery at the National Cancer Institute, 23, Mar, ios

## NEPHROTIC SYNDROME

Pathogenicity: RVT and, 32, Feb, a

## NEUROSURGERY

summary ACS meeting, 15, Jan

## NUFFIELD ORTHOPAEDIC CENTRE

orthopedics: report on a British center, 48A\*, May

**OBSTETRICS**

looking ahead to recertification, 36, Jun

**OMENTUM**

Radiography: precise and speedy diagnoses with minilaparotomy, 9, Feb, oa

**ORTHOPEDICS**

correcting deformities in infants and older children, 52, Jun, s  
in Nuffield: report on a British center, 48A\*, May  
looking ahead to recertification, 18, Mar  
summary ACS meeting, 15, Jan  
treating the surgical patient with antibiotics, part 2, 46, Mar, s

**OSTEOCHONDritis**

orthopedics at Nuffield: report on a British center, 48A\*, May

**OSTEOGENESIS**

orthopedics: summary ACS meeting, 15, Jan

**OVARIAN NEOPLASMS**

Therapy: obstetrics and gynecology: summary ACS meeting, 15, Jan

**PAPILLOMA**

Therapy: otorhinolaryngology: summary ACS meeting, 15, Jan  
Pelvic Inflammatory Disease see

**ADNEXITIS****PEPTIC ULCER**

stress ulceration, 50, Apr, s  
Therapy: gastrointestinal and biliary conditions: summary ACS meeting, 15, Jan

**PERIPHERAL NERVES**

Surgery: through the operating microscope, 13, May, oa

Perthes' Disease see **OSTEOCHONDritis**

**PHENYLALANINE**

oncology: summary ACS meeting, 15, Jan

**POSTOPERATIVE CARE**

treating the surgical patient with antibiotics, part 1, 35, Feb, s

**POSTOPERATIVE COMPLICATIONS**

post-traumatic respiratory and pulmonary insufficiency, 41, May, oa  
stress ulceration, 50, Apr, s  
Prevention and Control: ileostomy complications: prevention and treatment, 36, Mar, oa

**PREDNISONE**

transplantation: summary ACS meeting, 15, Jan

**PROPLAST**

otorhinolaryngology: summary ACS meeting, 15, Jan

**PROSTATECTOMY**

prostate cancer, 54, May, s

**PROSTATIC HYPERTROPHY**

effects of steroid hormones on BPH in organ culture, 32, Feb, a

**PROSTATIC NEOPLASMS**

54, May, s

**RADIOTHERAPY**

prostate cancer, 54, May, s

**RECTAL NEOPLASMS**

Immunology: new era in surgery at the National Cancer Institute, 28, Apr, ios

Therapy: managing patients, 62, Jan, s

**RECTUM**

Surgery: looking ahead to recertification, 36, Jun

**REHABILITATION**

orthopedics at Nuffield: report on a

British center, 48A\*, May

**RENAL VEINS**

RVT and nephrotic syndrome, 32, Feb, a

**RESPIRATORY INSUFFICIENCY**

post-traumatic pulmonary insufficiency, 41, May, oa

**SARCOMA**

Therapy: new era in surgery at the National Cancer Institute, 23, Mar, ios  
oncology: summary ACS meeting, 15, Jan

**SARCOMA, OSTEOGENIC**

Therapy: oncology: summary ACS meeting, 15, Jan

**SCOLIOSIS**

correcting orthopedic deformities in infants and older children, 52, Jun, s  
Surgery: controlled hypotensive anesthesia in, 45, Jan, oa

Septic Shock see **SHOCK, TOXIC**

**SEROTONIN**

gastrointestinal and biliary conditions: summary ACS meeting, 15, Jan

**SHOCK**

and metabolism: summary ACS meeting, 15, Jan

**SHOCK, ENDOTOXIC**

treating the surgical patient with antibiotics, part 2, 46, Mar, s

**SHOCK, HEMORRHAGIC**

post-traumatic respiratory and pulmonary insufficiency, 41, May, oa  
treating the surgical patient with antibiotics, part 2, 46, Mar, s  
Therapy: shock and metabolism: summary ACS meeting, 15, Jan

Shock Lung see **SHOCK HEMORRHAGIC**

**SHOCK, TOXIC**

Prevention and Control: treating the surgical patient with antibiotics, part 2, 46, Mar, s

**SHOULDER DISLOCATION**

managing common ski injuries, 27, Feb, oa

**SHOULDER FRACTURES**

managing ski injuries, 27, Feb, oa

**SKIING**

managing injuries, 27, Feb, oa

**SKIN**

Transplantation: plastic surgery and burns: summary ACS meeting, 15, Jan

**SPERM AGGLUTINATION**

progress in diagnosing and treating male infertility, 43, Apr, oa

**SPERM MOTILITY**

progress in diagnosing and treating male infertility, 43, Apr, oa

**SPERMATOZOA**

progress in diagnosing and treating male infertility, 43, Apr, oa

**STERILITY, MALE**

progress for diagnosing and treating, 43, Apr, oa

**STRESS**

Physiopathology: stress ulceration, 50, Apr, s

Stroke see **CEREBROVASCULAR DISORDERS**

**SUBPHRENIC ABSCESS**

Surgery: newer approach to drainage, 24, May

**SURGERY**

Education: looking ahead to recertification, 20, Feb

**SURGERY, PLASTIC**

burns: summary ACS meeting, 15, Jan  
man who revolutionized craniofacial surgery, 9, Jun

**SURGICAL WOUND INFECTION**

Prevention and Control: treating the surgical patient with antibiotics, part 1, 35, Feb, s  
treating the surgical patient with antibiotics, part 2, 46, Mar, s  
Surgery: subphrenic abscess: a newer approach to drainage, 24, May

**SYNOVITIS**

correcting orthopedic deformities in infants and older children, 52, Jun, s

**THORAX**

Surgery: looking ahead to recertification, 20, May

**THYMOSIN**

new era in surgery at the National Cancer Institute, 28, Apr, ios

Thymus-Dependent Lymphocytes see

**T-LYMPHOCYTES****TIBIAL FRACTURES**

managing common ski injuries, 27, Feb, oa

**TISSUE CULTURE**
